Address: NITEL T-junction, Atiku Abubakar Street, Ibrahim Bako, Bauchi, Nigeria

Company Overview

BaytLogic Technologies is a Nigerian engineering company specializing in Professional CCTV Installation, Smart Home Systems, Solar Security Infrastructure, Embedded AI Solutions, and Institutional Security Deployment across Nigeria.

Featured Institutional Project – ATBU CCE Laboratory

Successful deployment of a structured CCTV surveillance system at Abubakar Tafawa Balewa University (ATBU), Department of Computer & Communications Engineering Laboratory. The system provides 24/7 monitoring, high-definition recording, and remote access capability.

Core Capabilities

- Professional CCTV System Design & Installation
- Smart Home Automation & IoT Integration
- Solar-Powered Surveillance Systems
- Remote Monitoring & Cloud Viewing
- Embedded AI-Based Security Analytics
- Government & Institutional Security Deployment

BaytLogic Technologies remains committed to engineering-grade security solutions across Northern Nigeria and beyond. Engineered in Bauchi. Serving Nigeria.
